Through our Palestine Lives Matter Telegram Group ([https://t.me/chatting\\_group20](https://t.me/chatting_group20)) and Western Hypocrisy Telegram Channel (<https://t.me/westernhypocrisy>), we unite voices and amplify messages of solidarity and awareness.

Palestine Lives Matter is a movement that seeks to shed light on the systemic discrimination, violence, and oppression faced by Palestinians daily. This movement aims to bring attention to the human rights violations and injustices experienced by Palestinians and to advocate for the rights they deserve. No satanic Talmud doctrine of Goyim and Non-Goyim is alright because every human is equal.

Through education, advocacy, and peaceful protest, the PLM peaceful movement amplifies Palestinians' voices and challenges the structures of power that perpetuate their suffering. The movement seeks to build solidarity with other marginalized communities and work towards a just and equitable future for all people in the region.

By resonating with Palestinians' miseries and raising awareness about their struggles, we aim to create meaningful change and achieve justice, equality, and freedom for all.

Join us to connect, share, and support the movement for basic human rights, we don't need to be Muslim to expose what occupation groups of Israel do against babies, children, and women in the Levantine. Only a slice of humanity sense and that's enough to make our world better and peaceful.

Anti-Semitism is a false claim to justify genocide in Gaza and the West Bank because Palestinians are also Semitic, and they are Canaanite, not Arabic (in the past they talked in Aramaic like Jesus A.S. but now in Arabic), a DNA test proves it. We're fooled by Western propaganda.

Zionism Vs Judaism, according To Rabbi Yisroel David Weiss, a Naturei Karta senior faction of Jews. Palestine's independence isn't about religious issues but humanity's right to live normally. For centuries, the land of Philistin was inhabited by three major religious societies (Muslim, Christian, and Jewish) and they supported each other upon basic needs, sovereignty, and statehood.

Before Zionism existed, we lived in peace and harmony, no matter what our religion, ethnicity, and race, and this happened throughout the history of humankind.

Israel murdered more than 42 thousand Palestinians with 20 thousand are children and still counting, while America keeps supplying weapons to the genocidal regime of Netanyahu. Gazans are in starvation, the worst state of humanity crisis in the modern era, we witnessed it and the Gazans faced it.

The genocidal regime of Israel has murdered more than 15,000 children over these 9 months and the International Community (United Nations) or even neighboring Arab League and OIC (Organization of Islamic Cooperation) are unable to stop the Israeli systematic killing machine.

To get the latest updates, we use sources from reliable Telegram channels such as Quds EN (<https://palestine.at/quds-news-network>), Eye On Palestine (<https://palestine.at/eye-on-palestine>), Resistance News Network (<https://palestine.at/resistance-news-network>), The Cradle Media (<https://palestine.at/the-cradle-media>) etcetera. We try to share the atrocities of Israel with the world, we can't be just silent because there's a systematic genocide in Gaza. It didn't start on October 7th but it's been going on since 1948 Nakba, which was 76 years ago.
